

ArChine SynChain POE 8

Synthetic high performance inside bearing lubricant

Product Description

ArChine SynChain POE 8 is formulated from a high quality synthetic POE base stock and additive system. This product can be used in chains lubricating and internal bearings lubricating. Compared with other traditional oils, ArChine SynChain POE 8 provides a wider operating temperature and performances better. Friction can be reduced to the minimum on the bearing lubrication. ArChine SynChain POE 8 provides the following benefits:

- Excellent high temperature oxidation and thermal stability
- Extremely low volatility
- Superior antiwear properties
- Wide operating temperature
- Excellent creep properties
- Biodegradable

Applications

- For bearings lubricating inside the high load chain
- For chains lubricating in the low-temperature environment
- Used as the lubrications for rope system

Typical Properties

Appearance	Colorless, clear liquid
Density, 20°C g/cm ³	0.928
Kinematic Viscosity / 40°C, mm ² /s	8.35
Kinematic Viscosity / 100°C, mm ² /s	2.41
Viscosity Index	109
Flash Point, °C (COC)	194
Pour Point, °C	-72
Copper corrosion, 3h/100°C	1b
